

Kirkby Lonsdale Community Cupboard CIO

Adult Safeguarding Policy

1. Policy Statement

The policy exists to ensure that Kirkby Lonsdale Community Cupboard CIO (KLCC) implements appropriate arrangements, systems and procedures to ensure that the organisation has the right skills, means and resources to protect and safeguard adults and the children of adults who use our services.

KLCC CIO recognises safeguarding means protecting an adult's right to live in safety, free from abuse and neglect.

2. Aim

The Care Act 2014 provides a definition and framework for Safeguarding Adults

Safeguarding means protecting an adult's right to live in safety, free from abuse and neglect. It is about people and organisations working together to prevent and stop both the risks and experience of abuse or neglect, while at the same time making sure that the adult's wellbeing is promoted including, where appropriate, having regard to their views, wishes, feelings and beliefs in deciding on any action. This must recognise that adults sometimes have complex interpersonal relationships and may be ambivalent, unclear or unrealistic about their personal circumstances.

The aims of adult safeguarding are to:

- Stop abuse or neglect wherever possible;
- Prevent harm and reduce the risk of abuse or neglect to adults with care and support needs;
- Safeguard adults in a way that supports them in making choices and having control about how they want to live
- Promote an approach that concentrates on improving life for the adults concerned;
- Raise public awareness so that communities as a whole, alongside professionals, play their part in preventing, identifying and responding to abuse and neglect
- Provide information and support in accessible ways to help people understand the different types of abuse, how to stay safe and what to do to raise a concern about the safety or well-being of an adult;
- Address what has caused the abuse or neglect.

3. Legislation - The Care Act 2014

Safeguarding Duties

The Care Act 2014 introduced statutory safeguarding duties. The safeguarding duties apply to an adult who:

- a. **Has needs for care and support (whether or not the authority is meeting any of those needs);**
- b. **Is experiencing, or is at risk of, abuse or neglect; and**
- c. **As a result of those needs is unable to protect him or herself against the abuse or neglect or the risk of it.**

4. Key Principles for adult safeguarding

In the safeguarding of adults KLCC are guided by the principles set out in The Care Act 2014 and aim to demonstrate and promote these principles in our work:

- **Empowerment** – People being supported and encouraged to make their own decisions and informed consent.
- **Prevention** – It is better to take action before harm occurs.
- **Proportionality** – The least intrusive response appropriate to the risk presented.
- **Protection** – Support and representation for those in greatest need.
- **Partnership** – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.
- **Accountability** – Accountability and transparency in delivering safeguarding.

5. Recognising the signs of abuse

Staff/volunteers may be particularly well placed to spot abuse and neglect - the adult may say or do things that hint that all is not well. It may come in the form of a complaint, or an expression of concern. Everyone within the organisation should understand what to do, and where to go locally to get help, support and advice. It is vital that everyone within the organisation is vigilant on behalf of those unable to protect themselves, including:

- Knowing about different types of abuse and neglect and their signs;
- Supporting adults to keep safe;
- Knowing who to tell about suspected abuse or neglect; and
- Supporting adults to think and weigh up the risks and benefits of different options when exercising choice and control.

The Care Act 2014 defines the following areas of abuse and neglect; they are not exhaustive but are a guide to behaviour that may lead to a safeguarding enquiry. This includes:

Victims may rarely be allowed to travel on their own, seem under the control, influence of others, rarely interact or appear unfamiliar with their neighbourhood or where they work. They may be living in dirty, cramped or overcrowded accommodation, and/or living and working at the same address. Victims may have no identification documents, have few personal possessions and always wear the same clothes day in day out.

What clothes they do wear may not be suitable for their work. People may have little opportunity to move freely and may have had their travel documents retained, e.g. passports. They may be dropped off/collected for work on a regular basis either very early or late at night. Victims may avoid eye contact, appear frightened or hesitant to talk to strangers and fear law enforcers for many reasons, such as not knowing who to trust or where to get help, fear of deportation, fear of violence to them or their family.

Radicalisation to terrorism

The Government through its PREVENT programme has highlighted how some adults may be vulnerable to radicalisation and involvement in terrorism. This can include the exploitation of vulnerable people and involve them in extremist activity. Radicalisation can be described as a process, by which a person to an increasing extent accepts the use of undemocratic or violent means, including terrorism, in an attempt to reach a specific political/ideological objective. Vulnerable individuals being targeted for radicalisation/recruitment into violent extremism is viewed as a safeguarding issue.

Signs and indicators

May include being in contact with extremist recruiters; articulating support for violent extremist causes or leaders; accessing violent extremist websites, especially those with a social networking element; possessing violent extremist literature; using extremist narratives to explain personal disadvantage; justifying the use of violence to solve societal issues; joining extremist organisations; and significant changes to appearance and/or behaviour.

Who might abuse?

Abuse of adults at risk, may be perpetrated by a wide range of people including relatives, family members, professional staff, paid care workers, volunteers, other service users, neighbours, friends and associates, people who deliberately exploit vulnerable people and strangers.

Incidents of abuse may be one-off or multiple, and affect one person or more. Professionals and others should look beyond single incidents or individuals to identify patterns of harm. Patterns of abuse vary and include:

- Serial abusing in which the perpetrator seeks out and 'grooms' individuals. Sexual abuse sometimes falls into this pattern as do some forms of financial abuse;
- Long-term abuse in the context of an ongoing family relationship such as domestic violence between spouses or generations or persistent psychological abuse;
- Or opportunistic abuse such as theft occurring because money or jewellery has been left lying around.

6. Prevention of abuse

6.1. Promoting Adult Safeguarding within KLCC CIO

To assist in the prevention of abuse the following factors should be considered:

- Rigorous recruitment practices (including volunteers);
- Internal guidelines for staff and volunteers;

- Training;
- Making Safeguarding Personal and empowering service users.

6.2. Safe Recruitment & Selection

KLCC ensures that all potential new staff, volunteers (including committee members);

- **Complete an application form or a letter of application.** This includes: address, evidence of relevant qualifications, paid work and voluntary work experience and all criminal convictions;
- **Provide two pieces of identification which confirm both identity and address;**
- **Undergo an interview** (formal or informal) involving at least two interviewers;
- **Provide at least two references** which are followed up before a post is offered. One reference is from the last employer or an organisation that has knowledge of the applicant's work.

If undertaking a regulatory activity or if their post is eligible, staff and volunteers must consent to a **Disclosure and Barring Service check** and sign up to the update service and agree to KLCC requesting an annual update. KLCC understands that:

- A person who is barred from working with children or vulnerable adults is breaking the law if they work or volunteer, or try to work or volunteer with these groups;
- An organisation which knowingly employs someone who is barred to work with those groups will also be breaking the law;
- If our organisation dismisses a member of staff or volunteer because they have harmed a child or vulnerable adult, or would have done so if they had not left, we must make referral to the Disclosure and Barring Service (<https://www.gov.uk/government/organisations/disclosure-and-barring-service/about>).

6.3. Management & Support of Paid Staff (including self-employed) & Volunteers

KLCC has the following items in place for managing its staff and volunteers:

- All staff and volunteers are provided with a job description (paid staff) or a role description (volunteers) outlining their main responsibilities. Each volunteer is provided with a Volunteer Handbook and is required to sign a volunteer agreement. These include a requirement to comply with the Safeguarding Policy; the Data Protection and Confidentiality Agreement; the Dignity at Work policy; the Equality, Diversity and Inclusion policy; the Volunteer/Employee Issue resolution policy; and the Social Media Policy.
- All committee members, paid staff and volunteers receive an induction, which includes information on all KLCC policies and procedures.
- All paid staff and volunteers complete a role review at the end of their induction period before being confirmed in post. Inductions will be completed within 6 months;
- All paid staff are provided with supervision opportunity by their line manager;

- All volunteers are provided with regular support sessions;
- KLCC disciplinary and grievance procedures are outlined our Volunteer/Employee Issue Resolution Policy implemented for all paid staff and employees;
- All committee members, paid staff and volunteers attend regular ongoing safeguarding training appropriate to their role;

6.4. Code of Conduct

Our code of conduct for Committee members, paid staff and volunteers is outlined in our Volunteer Handbook, Volunteer agreement, the Safeguarding Policy; the Data Protection and Confidentiality Agreement; the Dignity at Work Policy; the Equality, Diversity and Inclusion policy; the Volunteer/Employee Issue Resolution Policy; and the Social Media Policy.

6.5. Training

KLCC will promote awareness of Adult Safeguarding issues, to its Committee, staff, volunteers, broader membership and services users as appropriate.

Committee Members, staff and volunteers, all receive Adult Safeguarding training appropriate to their role.

For all staff who are working or volunteering with adults at risk this requires them as a minimum to have awareness training that enables them to:

- Understand what safeguarding is and their role in Safeguarding Adult;
- Recognise an adult potentially in need of safeguarding and take action;
- Understand the procedures for making a safeguarding alert;
- Understand dignity and respect when working with individuals;
- Have knowledge of policy, procedures and legislation that supports safeguarding adult activity.

6.6. Making Safeguarding Personal

Making safeguarding personal means it should be person-led and outcome-focused. It engages the person in a conversation about how best to respond to their safeguarding situation in a way that enhances involvement, choice and control as well as improving quality of life, wellbeing and safety.

We aim to empower our service users and provide them with the information they need to make decisions about how to be safe from abuse and reduce risks.

We recognise that adults may make decisions that might be perceived as risky or unwise. Adults must be assumed to have capacity to make their own decisions and be given all practicable help before anyone treats them as not being able to make their own decisions. Where an adult is found to lack capacity to make a decision then any action taken, or any decision made for, or on their behalf, must be made in their best interests.

We need to understand and always work in line with the Mental Capacity Act 2005 (MCA). And seek support and guidance when we have concerns regarding an adult's capacity.

7. Reporting procedures

The following procedure refers to abuse or suspicion of abuse that staff and volunteers become aware of during their work with KLCC.

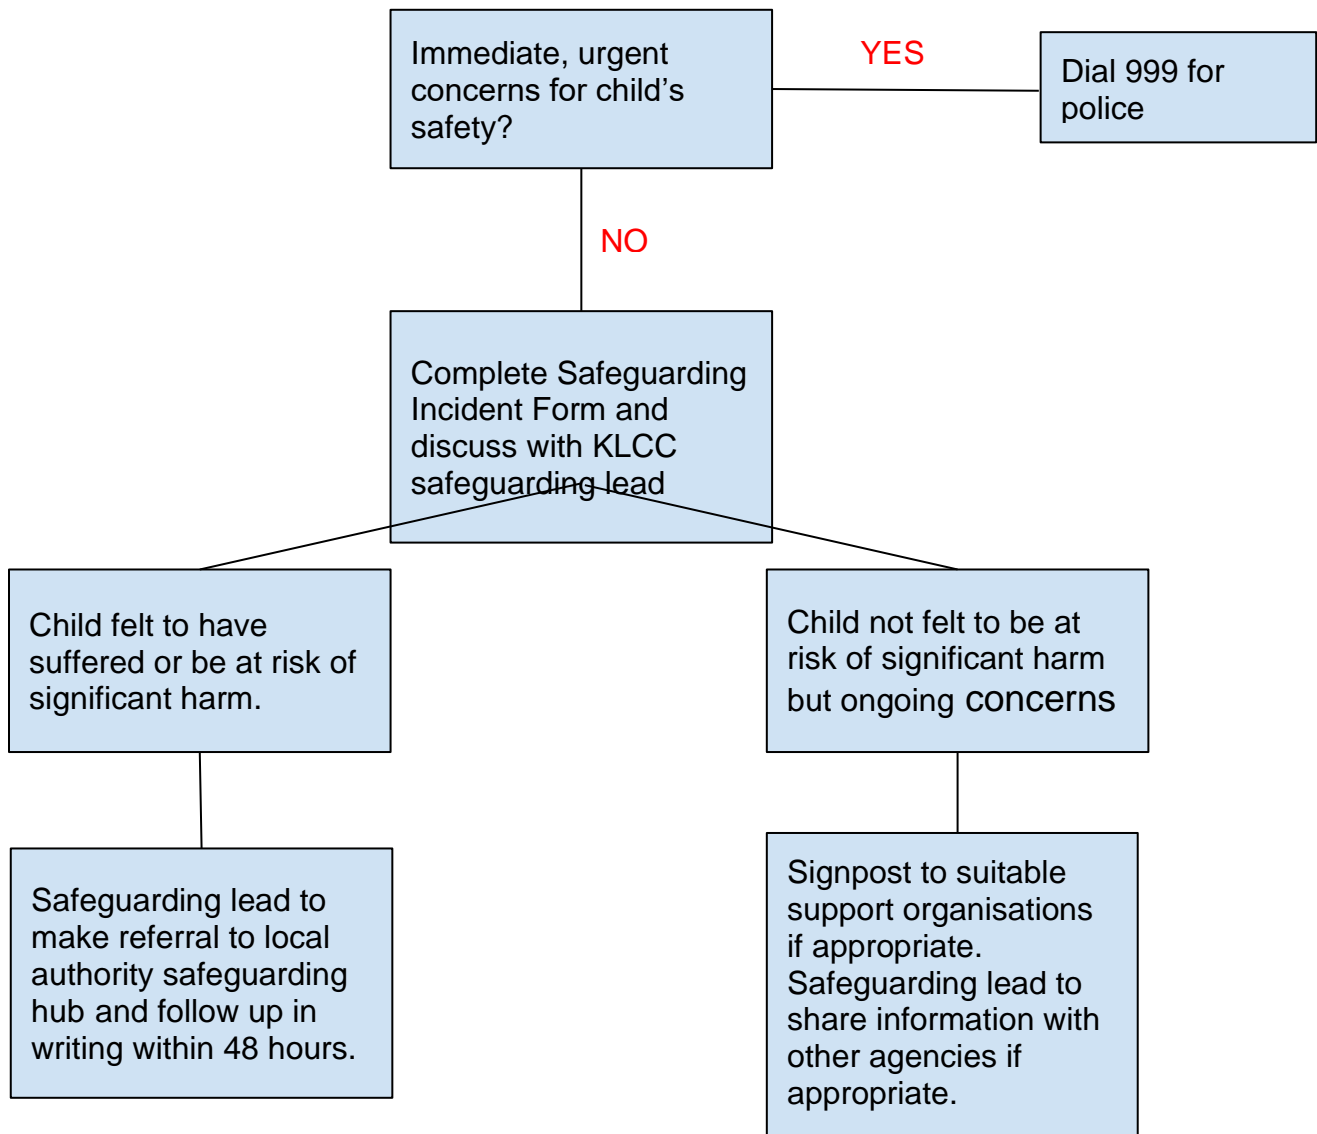

Any member of staff or volunteer who becomes aware that an adult is or is at risk of being abused or has safeguarding needs should raise the matter immediately with their supervisor /or with the designated safeguarding lead.

Early sharing of information is the key to providing an effective response where there are emerging concerns. To ensure effective safeguarding arrangements no member staff or volunteer should assume that someone else will pass on information which they think may be critical to the safety and wellbeing of the adult.

KLCC CIO will:

- Inform the adult of the action we propose to take;
- Seek their agreement for any referral;
- Ensure that they are kept informed about what will happen next, so they can be reassured about what to expect;
- Endeavour to ensure that they are safe and supported before proceeding with any other action;
- Inform the adult if KLCC CIO are planning to seek advice from or report concerns to an external agency.

Stage 1 Raising an Alert

Raising an Alert: Anyone who becomes aware of concerns of Abuse must report those concerns as soon as possible and in any case within the same working day to the relevant manager identified in their agency procedures.

Stage 2 Reporting an alert / Duty to Enquire

Enquiry: the local authority must make enquiries, or require another agency to do so, whenever abuse or neglect are suspected in relation to an adult with care and support needs.

Gathering information about a concern by consulting agencies and undertaking a further risk assessment.

Upon receiving a Referral, Adult Social Care must gather as much information as possible from the referrer, multi-agency partners, the adult concerned and previous records

Stage 7 Review

The purpose of the Review is to check if the agreed actions in the Safeguarding Plan have taken place and whether any further action is needed.

At the conclusion of an investigation, or at a Case Conference, a decision should be made of whether the Safeguarding plan should be reviewed within the Safeguarding Process. This should be the case whenever there is on-going risk of harm from Abuse.

The frequency of the review should be decided based on the situation and level of risk

Stage 6 Case Conference / Safeguarding Planning Meeting

Co-ordinating a multi-agency response to the risk of abuse that has been identified. All information gathered during the investigation will be presented at a **Multi-Agency Safeguarding Planning Meeting** where, if appropriate, a **Safeguarding Plan** will be agreed. The Local Authority Adult Social Care manager will make the following decisions and take the following actions about the Referral. This is called the decision stage and should occur within one working day of receiving the alert

- Is the referral appropriate?
- Should a safeguarding enquiry proceed?
- If not, what other routes of referral or action would be appropriate and who would initiate these?

Stage 4 Strategy discussion or meeting

Formulating a multi-agency plan for assessing the risk, addressing any immediate protection needs and agreeing a plan for any further investigation or assessment

This may be in the form of a meeting or by telephone contact, depending on the urgency of the situation.

Decisions and actions:

- Who will lead the investigation?
- Ensure a robust plan is in place to safeguard any adults with care and support needs who may be at risk

Minutes of the meeting must be recorded on the correct template.
